

Small-scale, soulful care  
for early childhood

Bower Tree Preschool offers a place-based, year-round curriculum that incorporates multiple educational approaches and original artistic content to create a deeply nurturing home away from home for young children. Our mission is to use storytelling, music, poetry, and hands-on sensory experience to help children form strongly rooted, sacred relationships with the natural world, with each other, and with themselves. Bower Tree is carefully designed to be a sanctuary for children between ages 2 ½ and 5 as they craft the foundations for their lives and for future academic learning. We welcome up to 6 children each year to experience the magic of this unique program.

Bower Tree offers loving nourishment to the school community through seasonal festivals, parent events, private conferences, weekly blog posts, and free monthly recordings of our current songs, poems, and stories.
