

Enrollment and Tuition FAQ

What schedules do you offer?

Bower Tree currently offers two different schedules:

-3 half days, Monday through Wednesday from 8:30 to 12:30. This schedule is intended for younger children who are transitioning into care.

-4 full days, Monday through Thursday from 8:30 to 3:00.

This is a year-round program, which means that we offer a cohesive seasonal curriculum that moves from September through the following August, rather than a separate summer curriculum. Please refer to the parent handbook for a list of scheduled school breaks.

How much is the tuition?

The 3 half day schedule costs \$600 per month, and the 4-day schedule costs \$1,100 per month. We gladly accept ERDC. Please refer to our parent handbook for more information on paying tuition and for a list of scheduled school breaks.

What services are included in the tuition?

Bower Tree serves a wholesome breakfast, morning snack, lunch, and afternoon snack to children staying for the full day. Half day children receive breakfast, morning snack, and lunch. In addition to high quality childcare, our program also offers free monthly recordings of songs, poems, and stories; monthly blog posts;

weekly updates in writing, photo, and video; seasonal community festivals; parent-teacher conferences; and complementary consultation sessions for parents interested in supporting their child's development at home using Waldorf or Montessori materials and techniques.

What is the enrollment process?

If you are interested in enrolling your child at Bower Tree, please use our contact form to inquire about current openings and schedule a school tour! We would love to show you around and explore whether the program would be a good fit for your family.

If we have current openings and the program seems like a good match for all involved, at the tour you will be provided with enrollment paperwork and instructions on how to pay the \$150 enrollment fee. If we do not currently have any openings, you will be invited to add your name to our waitlist and contacted with information on next steps when spots open up in the program.

Families are welcome to join our wait list at any time using the link below, but please note that those who have toured the school will be given priority.

Apply to Join this Waitlist
